Tune: GRACE
L.M.D

1. The nine - ty - nine sheep paid Him heed By us - ing the path - way He chose
2. The shep - herd would not let it go, Though nine - ty - nine seemed quite e - nough;

But one of the flock dis - a - greed, Its own will, in - stead, to im - pose;
He made that flock safe, e - ven so, Then searched through the hills, steep and rough;

A - lone in the dark wil - der - ness And no long - er safe and se - cure,
He found the lost sheep in the wild And car - ried it, safe, to His fold,

Im - per - iled by its want - on - ness It chanced on its own to en - dure.
Re - joiced as if it was His child - All souls Shep - herd Christ would en - fold.
