

Modern Politically Correct Christmas

The night before X-mas,
– Once known as Christmas
Till liberals viewed it
Offensive and screwed it –
And all through the counties
Were bodies in bounties
Celebrating...who knows...
Maybe A-CLUb...Red Nose?
With Ramadan, let's dine,
But for Christians...a fine,
Yeah...Hanukkah...okay,
But for Christians – no way...
On the square drop a bomb...
And get rid of Christ's mom!
Nativity excised,
Its history revised.
Turn thus now to Kwanzaa,
Its tribal bonanza –
Ancient Truths once untold,
Its god...forty years old.
In April, forget it –
Be sure to get with it,
And blackball...well, Easter,
To cover your keister,
Lest libs and the A-CLUb
Place you rub-a-dub-dub!
(and pull the plug, of course)
